Register Entertainment Device

How do I register my game consoles, smart TVs and other entertainment devices?

Games consoles and Internet TV devices can access the wired Students network by registering with Bradford. [Bradford Device Registration Page]

What do I do if my device is not listed or will not register?

If a device is not listed on the Registration page or if you have problems registering the device follow these steps:

- Use this walk-through to determine whether your device can go on the network.
- Gather the following information
  - Device name
  - MAC address using the ethernet
- Email or call the IT Service Center with the information above

How do I find my MAC address?

- Find Game Console MAC address
- Find TV and streaming TV device MAC address
