**TV Services**

**Furman Cable Channel Line-Up**

**Frequently Asked Questions:**

Are there any HD channels on the Furman Cable TV system?

- Yes, see the HD channels listed under "Digital channels" in the Furman Cable Channel Line-Up.

Is it possible for students to purchase additional Cable TV services for their rooms?

- No, it is not possible to purchase additional services. We keep costs down by providing a single, basic cable TV service for all on-campus residences.

**Troubleshooting**

**You have poor reception**

- Make sure the cable connection at both the wall and TV are tight
- Replace the cable from the wall to the TV

**You receive only a few channels**

- This is frequently due to the TV being set to antennae input instead of cable. Go to the menu on your TV and change the input to cable.

**You cannot find the digital channels.**

- If you TV has a tuner which can access digital channels, you should be able to access the digital channels by rescanning for available channels from the menu on your TV.

**Your problem is not listed above**
