

Instructional Technology Resources

This digital resource provides information about Instructional Technology resources and services at Furman. Instructional Technology is supported in various ways by Information Technology Services, the Furman Libraries and the Center for Teaching and Learning. Other department such as Academic Records also play a role in supporting Instructional Technology.

For information about topics of interest feel free to browse by choosing topics, or enter a term in the Search box.

Your comments and suggestions are welcomed and encouraged. [Click to provide feedback.](#)

Pardon our current sparsely populated taxonomy. We're still under heavy construction!
