Connect to Wireless - Windows 10

Use this guide when connecting to wireless for the first time.

Step-by-step guide to connect to Furman wireless

1. Click on wireless icon in system tray and select appropriate network (FU-FacStaff or FU-Students) and click **Connect**

2. Enter your NetID (username) and password then click **OK**

3. If this is your first time connecting to this wireless network, click **Connect** accept the certificate.
3. If you are a student you may have to register with our Network Access Control (NAC) system.

4. If you expect to find FU-FacStaff in this location, go ahead and connect. Otherwise, it may be a different network with the same name.
