Connect to Wireless - Windows 10

Use this guide when connecting to wireless for the first time.

Step-by-step guide to connect to Furman wireless

1. Click on wireless icon in system tray and select appropriate network (FU-FacStaff or FU-Students) and click Connect.

2. Enter your NetID (username) and password then click OK.

3. If this is your first time connecting to this wireless network, click Connect to accept the certificate.
3. If you are a student you may have to register with our Network Access Control (NAC) system.

4. If you expect to find FU-FacStaff in this location, go ahead and connect. Otherwise, it may be a different network with the same name.
